## Did you know?

That in many countries, people have limited access to sports gear? In Tanzania, we shipped team gear for the local community because there are no stores available where they can buy these items.

The moment you see a smile full of hope from a young girl in a conflictzone, it will change you for life.

## Volleyball4Refugees

The circumstances of living in a refugee camp are severely challenging but everyone deserves to dream forward.

- ✦ We collaborate with local partners in refugee camps to build a sustainable volleyball program, led by leaders in the community.
- ✦ Being a Volunteer in one of our projects is an unforgettable experience in which many of us cherish memories forever.

## Did you know?

Kids receiving a small gesture of a meaningful jersey are extremely motivated to continue playing volleyball because they feel supported?

@LetsKeepTheBallFlying

## A Way To Give Back

We handed out donated jerseys to previously homeless girls. One of the girls told us her moving story. It was about begging, mistreatment, abuse, being sold and married off, fleeing, and living on the streets with drug addiction! She had a whole life behind her but was only 13 years old...

We gave her one of the donated jerseys and she put it on. All the girls wore the same jerseys. At that moment, she smiled from ear to ear and said: *"This is the first time I've belonged to a group because we all wear the same jersey."*

# A GREAT VEHICLE FOR SOCIAL CHANGE

Volleyball is more than just a game: We build and support projects that promote equality, education, inclusion, and empowerment, boosting equal access to the power of volleyball.

## VISION

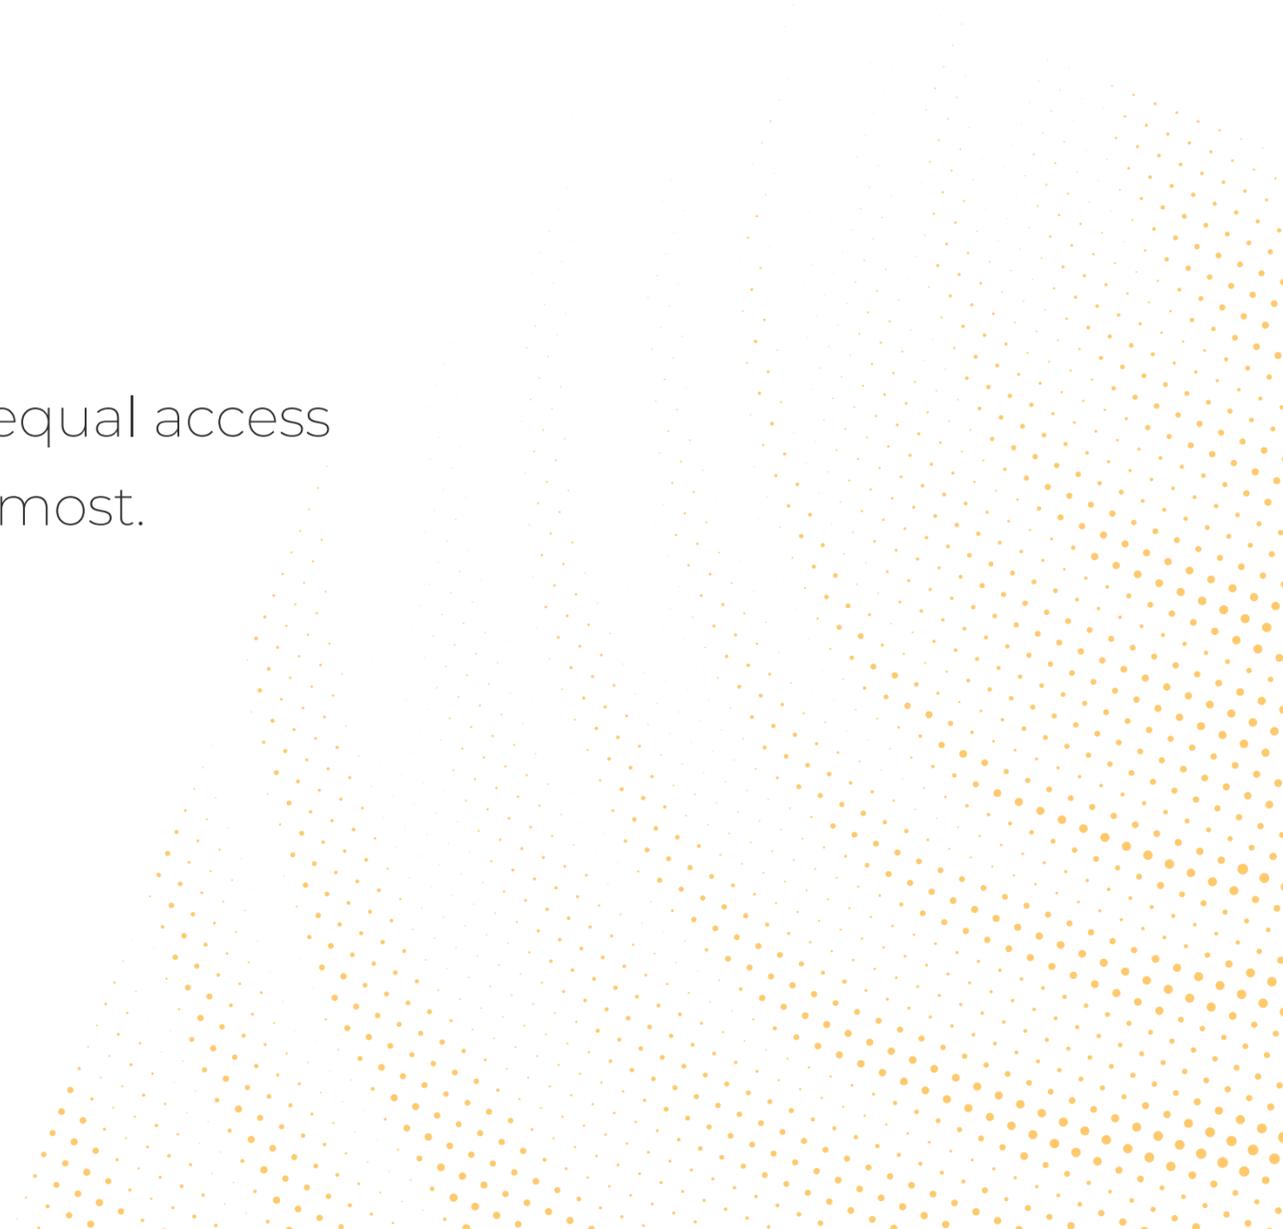

We believe in building a world in which everybody, in every country, has an equal opportunity to play volleyball. Through sport, we aim to create extraordinary memories and thrive as human beings.

## MISSION

Our purpose is to connect the global volleyball family to support equal access to the power of volleyball for those communities that need it the most.

@LetsKeepTheBallFlying
