VISION

We believe in building a world in which everybody, in every country, has an equal opportunity to play volleyball. Through sport, we aim to create extraordinary memories and thrive as human beings.

MISSION

Our purpose is to connect the global volleyball family to support equal access to the power of volleyball for those communities that need it the most.

@LetsKeepTheBallFlying

HOW TO GET INVOLVED

Being part of our Fingerprint Businessclub means giving back to our sport and, most importantly, uniting with fellow businesses to grow our global impact using the power of volleyball.

By joining, you are propelling a ripple effect that will shape the behaviour of your peers and, in time, the global volleyball community. As one team, we support equal access to the power of volleyball for those communities that need it the most.

WE SUPPORT THE FIVB STRATEGIC GOAL NUMBER 9:

Volleyball is the number one family sport in the world and should become the number one sport that serves the needs of the family through social development and humanitarian programs.

WELCOME TO THE MOVEMENT

We're in it together. Volleyball is a team game and so is social change. Use the game that has given you so much to empower others all around the world.
